62  Version: 1.0.0
63
64  Changelog:
65  1.0.0: Initial release
66
67  Notes:
68  - This script is designed to be used as a command-line tool.
69  - It requires Perl 5.10 or later.
70  - It is not intended for use as a library.
71  - It is not intended for use as a web application.
72  - It is not intended for use as a desktop application.
73  - It is not intended for use as a mobile application.
74  - It is not intended for use as a server application.
75  - It is not intended for use as a database application.
76  - It is not intended for use as a network application.
77  - It is not intended for use as a security application.
78  - It is not intended for use as a system application.
79  - It is not intended for use as a utility application.
80  - It is not intended for use as a development application.
81  - It is not intended for use as a testing application.
82  - It is not intended for use as a deployment application.
83  - It is not intended for use as a monitoring application.
84  - It is not intended for use as a logging application.
85  - It is not intended for use as a configuration application.
86  - It is not intended for use as a management application.
87  - It is not intended for use as a control application.
88  - It is not intended for use as a service application.
89  - It is not intended for use as a daemon application.
90  - It is not intended for use as a background application.
91  - It is not intended for use as a foreground application.
92  - It is not intended for use as a interactive application.
93  - It is not intended for use as a non-interactive application.
94  - It is not intended for use as a batch application.
95  - It is not intended for use as a cron application.
96  - It is not intended for use as a systemd application.
97  - It is not intended for use as a init application.
98  - It is not intended for use as a supervisor application.
99  - It is not intended for use as a process manager application.
100  - It is not intended for use as a task scheduler application.
101  - It is not intended for use as a workflow application.
102  - It is not intended for use as a pipeline application.
103  - It is not intended for use as a data processing application.
104  - It is not intended for use as a data storage application.
105  - It is not intended for use as a data retrieval application.
106  - It is not intended for use as a data analysis application.
107  - It is not intended for use as a data visualization application.
108  - It is not intended for use as a data presentation application.
109  - It is not intended for use as a data distribution application.
110  - It is not intended for use as a data sharing application.
111  - It is not intended for use as a data collaboration application.
112  - It is not intended for use as a data integration application.
113  - It is not intended for use as a data synchronization application.
114  - It is not intended for use as a data backup application.
115  - It is not intended for use as a data recovery application.
116  - It is not intended for use as a data archiving application.
117  - It is not intended for use as a data migration application.
118  - It is not intended for use as a data transformation application.
119  - It is not intended for use as a data cleansing application.
120  - It is not intended for use as a data enrichment application.
121  - It is not intended for use as a data normalization application.
122  - It is not intended for use as a data denormalization application.
123  - It is not intended for use as a data partitioning application.
124  - It is not intended for use as a data sharding application.
125  - It is not intended for use as a data replication application.
126  - It is not intended for use as a data distribution application.
127  - It is not intended for use as a data sharing application.
128  - It is not intended for use as a data collaboration application.
129  - It is not intended for use as a data integration application.
130  - It is not intended for use as a data synchronization application.
131  - It is not intended for use as a data backup application.
132  - It is not intended for use as a data recovery application.
133  - It is not intended for use as a data archiving application.
134  - It is not intended for use as a data migration application.
135  - It is not intended for use as a data transformation application.
136  - It is not intended for use as a data cleansing application.
137  - It is not intended for use as a data enrichment application.
138  - It is not intended for use as a data normalization application.
139  - It is not intended for use as a data denormalization application.
140  - It is not intended for use as a data partitioning application.
141  - It is not intended for use as a data sharding application.
142  - It is not intended for use as a data replication application.
143  - It is not intended for use as a data distribution application.
144  - It is not intended for use as a data sharing application.
145  - It is not intended for use as a data collaboration application.
146  - It is not intended for use as a data integration application.
147  - It is not intended for use as a data synchronization application.
148  - It is not intended for use as a data backup application.
149  - It is not intended for use as a data recovery application.
150  - It is not intended for use as a data archiving application.
151  - It is not intended for use as a data migration application.
152  - It is not intended for use as a data transformation application.
153  - It is not intended for use as a data cleansing application.
154  - It is not intended for use as a data enrichment application.
155  - It is not intended for use as a data normalization application.
156  - It is not intended for use as a data denormalization application.
157  - It is not intended for use as a data partitioning application.
158  - It is not intended for use as a data sharding application.
159  - It is not intended for use as a data replication application.
160  - It is not intended for use as a data distribution application.
161  - It is not intended for use as a data sharing application.
162  - It is not intended for use as a data collaboration application.
163  - It is not intended for use as a data integration application.
164  - It is not intended for use as a data synchronization application.
165  - It is not intended for use as a data backup application.
166  - It is not intended for use as a data recovery application.
167  - It is not intended for use as a data archiving application.
168  - It is not intended for use as a data migration application.
169  - It is not intended for use as a data transformation application.
170  - It is not intended for use as a data cleansing application.
171  - It is not intended for use as a data enrichment application.
172  - It is not intended for use as a data normalization application.
173  - It is not intended for use as a data denormalization application.
174  - It is not intended for use as a data partitioning application.
175  - It is not intended for use as a data sharding application.
176  - It is not intended for use as a data replication application.
177  - It is not intended for use as a data distribution application.
178  - It is not intended for use as a data sharing application.
179  - It is not intended for use as a data collaboration application.
180  - It is not intended for use as a data integration application.
181  - It is not intended for use as a data synchronization application.
182  - It is not intended for use as a data backup application.
183  - It is not intended for use as a data recovery application.
184  - It is not intended for use as a data archiving application.
185  - It is not intended for use as a data migration application.
186  - It is not intended for use as a data transformation application.
187  - It is not intended for use as a data cleansing application.
188  - It is not intended for use as a data enrichment application.
189  - It is not intended for use as a data normalization application.
190  - It is not intended for use as a data denormalization application.
191  - It is not intended for use as a data partitioning application.
192  - It is not intended for use as a data sharding application.
193  - It is not intended for use as a data replication application.
194  - It is not intended for use as a data distribution application.
195  - It is not intended for use as a data sharing application.
196  - It is not intended for use as a data collaboration application.
197  - It is not intended for use as a data integration application.
198  - It is not intended for use as a data synchronization application.
199  - It is not intended for use as a data backup application.
200  - It is not intended for use as a data recovery application.
201  - It is not intended for use as a data archiving application.
202  - It is not intended for use as a data migration application.
203  - It is not intended for use as a data transformation application.
204  - It is not intended for use as a data cleansing application.
205  - It is not intended for use as a data enrichment application.
206  - It is not intended for use as a data normalization application.
207  - It is not intended for use as a data denormalization application.
208  - It is not intended for use as a data partitioning application.
209  - It is not intended for use as a data sharding application.
210  - It is not intended for use as a data replication application.
211  - It is not intended for use as a data distribution application.
212  - It is not intended for use as a data sharing application.
213  - It is not intended for use as a data collaboration application.
214  - It is not intended for use as a data integration application.
215  - It is not intended for use as a data synchronization application.
216  - It is not intended for use as a data backup application.
217  - It is not intended for use as a data recovery application.
218  - It is not intended for use as a data archiving application.
219  - It is not intended for use as a data migration application.
220  - It is not intended for use as a data transformation application.
221  - It is not intended for use as a data cleansing application.
222  - It is not intended for use as a data enrichment application.
223  - It is not intended for use as a data normalization application.
224  - It is not intended for use as a data denormalization application.
225  - It is not intended for use as a data partitioning application.
226  - It is not intended for use as a data sharding application.
227  - It is not intended for use as a data replication application.
228  - It is not intended for use as a data distribution application.
229  - It is not intended for use as a data sharing application.
230  - It is not intended for use as a data collaboration application.
231  - It is not intended for use as a data integration application.
232  - It is not intended for use as a data synchronization application.
233  - It is not intended for use as a data backup application.
234  - It is not intended for use as a data recovery application.
235  - It is not intended for use as a data archiving application.
236  - It is not intended for use as a data migration application.
237  - It is not intended for use as a data transformation application.
238  - It is not intended for use as a data cleansing application.
239  - It is not intended for use as a data enrichment application.
240  - It is not intended for use as a data normalization application.
241  - It is not intended for use as a data denormalization application.
242  - It is not intended for use as a data partitioning application.
243  - It is not intended for use as a data sharding application.
244  - It is not intended for use as a data replication application.
245  - It is not intended for use as a data distribution application.
246  - It is not intended for use as a data sharing application.
247  - It is not intended for use as a data collaboration application.
248  - It is not intended for use as a data integration application.
249  - It is not intended for use as a data synchronization application.
250  - It is not intended for use as a data backup application.
251  - It is not intended for use as a data recovery application.
252  - It is not intended for use as a data archiving application.
253  - It is not intended for use as a data migration application.
254  - It is not intended for use as a data transformation application.
255  - It is not intended for use as a data cleansing
